General Contract Information

This Contract provides a vehicle for purchasing Panasonic Toughbooks. The Toughbook Line consists of Fully Ruggedized Notebook Computers, Semi-Ruggedized Notebook computers, and the Arbitrator Video Camera System for pursuit vehicles. The Panasonic Line is used extensively in Healthcare, Law Enforcement, and other occupations in which a computer is required, but an office or stationary location is not. As a ruggedized notebook, these are premium products. This contract provides the best discounts available at the time of contract signing and some hedges against supply constraints.

Questions and Answers

Who is responsible for Custom Configurations?	Custom Configuration services can be provided by either CDWG or Panasonic. The warranty is not affected either way. However, if you are using a stable hard drive image, Panasonic offers the ability to install that image on any replacement hard drive in case of covered warranty failure – as long as they do the initial imaging.
What is the expected turnaround on orders?	If the model is in CDWG stock, shipped w/in 24. If in stock and customization up to 48. If in stock in distribution, 72 hours. If not in distribution and must come from Panasonic, 45 days. (CDWG maintains a stocking level that will usually accommodate most needs)
Is CDWG Certified to sell Panasonic Toughbooks? Is that important?	CDWG can customize Toughbooks without adverse effect on the status of the warranty. They have demonstrated technical expertise with the Toughbook line. Arbitrator Certified for sales by Panasonic.
Who can fix my Toughbook?	Only Panasonic can repair your Toughbook. There are no third party authorized repair centers.
