Ordering Instructions

This contract is established with multiple suppliers for the provision of Biological Supplies and Laboratory Equipment, Chemicals and Supplies. State agencies and local governments can purchase products from any supplier listed on this contract.

State Purchasing strongly suggests that you compare prices between suppliers and purchase from the least expensive source.

Pricing schedules included in this contract provide the manufacturer's price list, categories, and discount off the manufacturer's price list.

Fisher Scientific Electronic Ordering Instructions

REGISTRATION

WHAT IS REGISTRATION?

Registration allows you to create and customize a User Profile for yourself so that you can log in and use all of the functions available at fishersci.com. Registration does not mean you must place orders at fishersci.com. In fact, you can be a Registered User but never order anything online.

WHY WOULD I REGISTER?

Many of the tools, functions and capabilities of fishersci.com are available only to registered users. For example, only registered users can:

Create and use templates and hot lists;

See their contract-specific prices and real-time product availability for each item (if they have a valid Fisher account); and

Use the variety of order-tracking tools and functions.

WHAT ABOUT PRIVACY?

Any information provided to us by site visitors in purchase orders, registration forms, and surveys will be used for authorized purposes only. We do not provide any of this information to mailing lists or other third parties. For more information about how we maintain your privacy, please review our [Legal and Privacy Statement](#) online.

DO I NEED A FISHER ACCOUNT TO REGISTER?

No. You can still create a user profile, register, and then log in each time you start a session. You'll be able to use many of the features available only to Registered Users, such as hot lists and templates. But, without an account, you won't have access to your contract prices or product availability. And, instead of processing your orders in real-time, they'll be validated and processed through Customer Service.

HOW DO I SET UP A FISHER ACCOUNT?

To apply for a new Fisher account, call 1-800-766-7000. Or print and fill out the New Account Form found on the [Registration](#) page. Your new account will be approved as soon as possible. Then add the new account to your profile (see below) and you'll be notified by e-mail when it is available for online purchasing. In the meantime, you can place credit-card orders, which will be processed through Customer Service.

If you already have a valid Fisher account, you must register to use it online. Your account will be approved for online use within 24 hours after you register. Until approved, your orders will be processed through Customer Service.

WHEN WOULD I REGISTER?

You can register any time, but we recommend you register as soon as you decide to use fishersci.com so that you can take advantage of all of the features, functions, and capabilities the site offers. You only register once, and you can change your registration information (User Profile) whenever you like.

HOW DO I REGISTER?

[Register online](#) by completing the form provided. Please note that required fields are indicated with an asterisk and must be filled in.

LOGIN

WHAT IS LOGIN?

Login is the act of entering your (registered) username and password to initiate an order session at fishersci.com. See [User Profile](#) help.

WHY WOULD I LOG IN?

Login gives you immediate access to your personal ordering tools, your online Fisher accounts, contract pricing, order information and other features and functions not available to guest users.

WHEN WOULD I LOG IN?

You must log in to access your contract pricing; place an order using a Fisher account; check product availability; review order status; track order shipment; review or approve requisitions; manage online accounts or subordinate users (if you're an Administrator); or change your profile information or personal options.

You need not log in (even if you're a registered user) every time you visit fishersci.com. For example, if you want to browse catalogs, search for a product, or find an MSDS, you can do so without logging in.

WHO CAN LOG IN?

You must be a registered user at fishersci.com. Registered Users are fishersci.com users who have created and submitted a User Profile that has been validated by Fisher. Logged in means that the Registered User has keyed in his/her username and password to create an order session at fishersci.com.

If you are a new user and not yet registered, you can register via the [are you a new user?](#) link in the navigation bar or [New User? Register](#) link on the home page.

WHERE DO I FIND LOGIN?

New User? [Register](#) now to receive contract pricing and real-time product availability.

Power Search

GO

The User Name and Password fields on the left of the homepage enable you to log in as a registered user and initiate an order session.

HOW DO I LOGIN?

STEP 1. Key in your **User name** and **Password** in the fields provided on the home page, then click Go. Entries are not case-sensitive.

If you've **forgotten your password**, click forgot your password? for the hint you provided in your User Profile when you registered.

STEP 2. Use the **Start In** dropdown menu (under the Password field) to go directly to the section you want to use.

STEP 3. To log out, simply click on **Logoff** at the top right of any page.

USER PROFILE

WHAT IS A USER PROFILE?

The User Profile contains information provided by a new user at the time of registration. Each Profile is unique to that user, allowing set-up, maintenance, and use of ordering functions according to personal preferences and the employer's business rules and practices. (See also [Registration](#) help.)

Note: Any information provided to us by site visitors in User Profiles, purchase orders, and surveys will be used for authorized purposes only. We do not provide any of this information to mailing lists or other third parties. For more information about how we maintain your privacy, please review our [Legal and Privacy statement](#) online.

WHY WOULD I WANT A USER PROFILE?

Registration and the resulting User Profile give you access to your personal ordering tools, online Fisher accounts, contract pricing, order information and other features and functions not available to guests.

WHEN WOULD I CREATE A USER PROFILE?

You can create your User Profile at any time, but we recommend you do so as soon as you decide to use the [website](#) so that you can immediately use all of the features, functions, and capabilities the site offers. You create your User Profile just once, and you can change any of the information it contains whenever you like.

HOW DO I CREATE A USER PROFILE?

 are you a new user?

STEP 1. Click are you a new user? or new user? on the home page. Either will take you to the online [registration form](#), where you'll create your User Profile. Asterisked fields are required and must be filled in.

Name, First and Last (required)

User Name (required): Can be your real name or an "alias." Must be 5-25 characters in length. This is the name you will use to log in for each session. If another User already has that User Name, you'll be prompted to choose a different one from several suggestions. You can then choose one of those or create a new one of your own.

Password (required): Choose a password (5-25 characters) that is easy for you to remember. You can include numerals if you wish. Your password is case-sensitive, so if you key it in here in all lowercase letters, you'll have to use lowercase when you key in your password at each login. Verify your password by typing it again in

the second field provided.

Password Hint: If you forget your password when you log in, you'll be prompted with the hint you provide here (maximum 25 characters).

Company (required): Key in the full name of your company.

Phone (required): Include the area code.

E-mail Address

E-mail Confirmation: Check the box to receive e-mail confirmations for your online orders. Be sure you've provided your e-mail address.

Where did you hear about this site: Use the dropdown menu to select, or key in the source in the **if other** field.

Security Question and Answer (required): If you forget your password, even after being prompted with the hint you provided, you'll be unable to log on and will have to contact Technical Support (**877-885-2081**) to obtain your password. When you call, you will be asked the Security Question that you provide here, and you will be required to respond with the Security Answer you provide. Ideally, your question should be one to which only you know the answer.

STEP 2. After you've completed the required fields and wish to continue registration, click **Submit**. The information on the first page will be submitted to Fisher.

STEP 3. A second page (add an account) will ask for account information. Again, asterisked fields are required.

Account Number (required)

Account Alias (required): Give this account number a name (maximum 25 characters) that is meaningful to you to help identify the active account during ordering sessions.

Attention and PO Number: If you make an entry in either of these fields, they will be defaults on any orders placed on this account. You can change these entries at any time or on an order-by-order basis (see How Do I Change Account Information, below).

Street, City, State, Zip Code (required): This information is used to confirm your identity at registration.

STEP 4. Click **Submit** after you've completed the add an account page. If you have a Fisher Account, it will be ready to use online within 24 hours. Click **cancel** if you want to abandon the registration process.

WHERE DO I FIND MY USER PROFILE?

After logging in, click your **User Name** (alias) in the navigation bar.

Note: All users will see several additional fields in their User Profile that were not on the original Registration form because additional site features become available to users after registration. Also, Administrators and Approvers will see fields specific to them that don't appear on User Profiles for subordinates.

HOW DO I CHANGE MY USER PROFILE?

Note: These instructions are for registered users who do not have Administrative or Approval privileges.

STEP 1. After logging in, click your **User Name** (alias) in the navigation bar.

STEP 2. To change or correct your name, company name, phone number, or e-mail address, simply type over what's in the field.

STEP 3. Check or uncheck the box to receive **e-mail confirmations** for your online orders.

STEP 4. If you want copies of your e-mail confirmations to go to others in your company automatically, enter their e-mail addresses separated by semicolons. Entries here can be revised by typing over what's in the field.

STEP 5. If you want (or don't want) to receive periodic e-mails about site enhancements, new products, etc., check (or uncheck) the **e-mail announcements** box.

STEP 6. Credit Card Privileges are determined by your company's Account Administrator and cannot be changed by you.

STEP 7. You can **Add/Edit Credit Card Information**. Add a card by providing all the requested information. You can edit that information, including expiration dates, in the future. (**Note:** The credit card number will not be displayed and cannot be edited. The card will always be referred to by an alias you create. To provide a new credit card number, delete all of the existing card information first. You can delete a credit card from your profile at any time.

STEP 8. The Security Question and Security Answer can be changed by typing over what's in those fields.

HOW DO I CHANGE ACCOUNT INFORMATION?

STEP 1. In the navigation bar, click the **account name** (alias) currently in use.

STEP 2. The next page (account administration) displays a list of your available online accounts. Choose the one you wish to change by clicking its **edit** link.

HOW DO I ADD AN ACCOUNT TO MY PROFILE?

STEP 1. In the navigation bar, click your **User Name** (alias) or the **account name** (alias) currently in use.

STEP 2. On the left of the next page, click **add an account**.

HOW DO I CHANGE MY PASSWORD?

STEP 1. In the navigation bar, click your **User Name** (alias) or the **account name** (alias) currently in use.

STEP 2. On the left of the next page, click **change password**.

VWR.COM QUICK-GUIDE

MY PASSWORD _____ MY ACCOUNT NUMBER _____

FOR HELP PLACING ORDERS ONLINE OR TO REPORT A PROBLEM: 1-888-320-4357

Registering /Creating a Profile

[Website](#)

REGISTER → CREATE PROFILE → Fill out form → Select option 1 → Enter acct # → CREATE PROFILE

Check email → Click blue, underlined link → Log in using password created → Fill out second form → CREATE PROFILE

Logging Into the Website

MEMBER LOGIN → Enter full email address (case sensitive) AND password (case sensitive) → LOG IN

Modifying Your Profile / Customizing The Website

MY ACCOUNT → Personal Info → Name, email address, telephone number, and password → SUBMIT
Shipping Info → Ship-to acct #s and ship-to attn lines → SUBMIT
Billing Info → P-cards, blanket PO numbers, and charge codes → SUBMIT
Order Options → Line item comments, # of rows for OrderEntry, and email notifications → SUBMIT

Searching / Adding Items to Your Shopping Basket

Order Entry (VWR #) → Enter VWR cat #, unit of measure (cs, pk, ea, etc.), and quantity → ADD TO BASKET

Order Entry (Any #) → Enter cat # from manufacturer, VWR competitor, or VWR → Tab → Select item by entering quantity (if multiple results are returned) OR verify unit of measure and enter quantity → Tab → ADD TO BASKET

Search → Enter product description or any cat # (manufacturer, VWR competitor, or VWR) → GO / Enter → View search results → Click on blue, underlined description → Enter quantity → ADD TO BASKET (Use browser BACK button to return to results)

Search (parametric) → Click appropriate category at top of search results page → Select parameters → SEARCH → Select items to compare → COMPARE → Click Product Name (blue) to view details → Enter quantity → ADD TO BASKET

MY ACCOUNT TOOLS → Custom Catalog → Select category → SELECT CATEGORY → Enter quantity → ADD TO BASKET

Shopping Lists → Add List To Basket → ADD TO BASKET

View / Modify → DETAILS → Select item(s) → Modify quantity → ADD TO BASKET

Order History → Select range → VIEW HISTORY → De-select item(s) OR UNCHECK ALL and select item(s) → Modify quantity → ADD TO BASKET

Products → Browse by Catalog → Select appropriate catalog → BROWSE CATALOG → Click on desired category → Click on desired item → Enter quantity → ADD TO BASKET

NOTE: The Search box supports standard Boolean operators such as OR, NOT, ? (single character wildcard), and * (multiple character wildcard)

Placing an Order/Checkout

CHECKOUT (from Shopping Basket) → Select OR enter the following order data → Acct # (required), Ship To Attention, Order Comments, Line Item, Comments, Email Notification → CONTINUE → PO# OR p-card # (required) → Charge Code → Select approver email (if required) → REQUEST APPROVAL OR PLACE ORDER WITHOUT APPROVAL

Creating a Shopping List

Add desired items to your Shopping Basket → SAVE AS SHOPPING LIST (from Shopping Basket) → Name shopping list → SAVE AS SHOPPING LIST

Upload a Shopping List from an Excel file

MY ACCOUNT TOOLS → Shopping Lists → MANAGE LISTS

Download template file → Add items to template → Save template on hard drive (must save in CSV format) → Browse file to upload → UPLOAD

Adding Items to An Existing Shopping List

Find the catalog page of the item(s) you wish to add using one or more of the methods described under Adding Items to Your Shopping Basket (reverse side)

Order Entry → Enter VWR cat #, unit of measure, and quantity → ADD TO BASKET → Click on VWR cat # (from Shopping Basket)

Search → Perform search → Click on blue, underlined description

Products → Browse by Catalog → Click on appropriate catalog → Click on desired category → Click on desired item

Enter quantity → Select shopping list → ADD TO SHOPPING LIST

Modifying An Existing Shopping List

MY VWR TOOLS → Shopping Lists → Delete List → Click checkbox → DELETE LIST
View / Modify → DETAILS → De-select item(s) OR modify quantities → MODIFY LIST

MSDS Search → Enter chemical name, manufacturer, catalog #, or MSDS text → SEARCH

Chemical Search → Enter CAS #, chemical name or synonym, chemical formula, or molecular weight → SEARCH

Substructure Search

MORE OPTIONS → Draw substructure using molecule editor → Select exact structure OR substructure → Select # of results → Start Search

Order History (online orders only)

MY VWR TOOLS → Order History → Select Past Day, Past Month, or Show All (1 year) → VIEW HISTORY
To view top 15 items ordered online → FREQUENTLY ORDERED ITEMS

Order Status (all orders)

Order Status → Enter Acct # AND PO# OR Invoice # OR VWR Sales Order # → GET ORDER STATUS
Enter Order # → GET ORDER STATUS

Approving Orders

Log in → Pending My Approval → Select order → Review and/or modify the following order data → Item (uncheck box to deny) Qty → click UPDATE BASKET Ship To Attention Order Comments PO# Charge Code

Add Comments, if necessary → click PLACE ORDER to approve OR DENY ENTIRE ORDER

Contract Renewals/Extensions/Changes Information

Initial Effective Date of Contract: 01-01-04

Expiration Date: 12-31-05

This contract is awarded to thirteen suppliers effective January 1, 2004.

Renewal #1:

Effective Date of this Renewal Notice: January 1, 2006
Expiration Date: December 31, 2006

This contract has been renewed for an additional year at the same prices, terms and conditions. The cover page of this contract has been updated to reflect the new expiration date.

Extension #1

Effective Date of this Extension Notice: January 1, 2007
Initial Effective Date of Contract: January 1, 2004
Expiration Date: March 31, 2007

This contract has been extended for an additional three (3) months at the same prices, terms, and conditions. The cover page of this contract has been updated to reflect the new expiration date.

Extension #2

Effective Date of this Extension Notice: April 1, 2007
Initial Effective Date of Contract: January 1, 2004
Expiration Date: June 30, 2007

This contract has been extended for an additional three (3) months at the same prices, terms, and conditions. The cover page of this contract has been updated to reflect the new expiration date.

Extension #3

Effective Date of this Extension Notice: July 1, 2007
Initial Effective Date of Contract: January 1, 2004
Expiration Date: August 31, 2007

This contract has been extended for an additional two (2) months at the same prices, terms, and conditions. The cover page of this contract has been updated to reflect the new expiration date.

Extension #4

Effective Date of this Extension Notice: September 1, 2007
Initial Effective Date of Contract: January 1, 2004
Expiration Date: November 30, 2007

This contract has been extended for an additional three (3) months at the same prices, terms, and conditions. The cover page of this contract has been updated to reflect the new expiration date.

Extension #5

Effective Date of this Extension Notice: December 1, 2007
Initial Effective Date of Contract: January 1, 2004
Expiration Date: March 31, 2008

This contract has been extended for an additional four (4) months at the same prices, terms, and conditions with the same suppliers except Analytical West, Inc and Eagle Instruments, Inc. Analytical West, Inc and Eagle Instruments, Inc did not agree to the four (4) months extension resulting in expiration of the contract effective November 30, 2007. The cover page of this contract has been updated to reflect the new expiration date.

Extension #6

Effective Date of this Extension Notice: December 1, 2007
Initial Effective Date of Contract: January 1, 2004
Expiration Date: September 30, 2008

This contract has been extended for an additional six (6) months at the same prices, terms, and conditions. The cover page of this contract has been updated to reflect the new expiration date.

Renewal #2

Effective Date of this Renewal Notice: October 1, 2008
Initial Effective Date of Contract: January 1, 2004
Expiration Date: September 30, 2009

This contract has been renewed with the same suppliers except American 3B Scientific Company. The Contract has been renewed for an additional one (1) year with a 1% price increase. All other terms and conditions remain the same.

Renewal #3

Effective Date of this Renewal Notice: October 1, 2009
Initial Effective Date of Contract: January 1, 2004
Expiration Date: September 30, 2010

This contract has been renewed for an additional one (1) year at the same contract prices, terms and conditions with the same suppliers except Connecticut Valley Biological Supply Co.

Extension #7

Effective Date of this Extension Notice: October 1, 2010
Initial Effective Date of Contract: January 1, 2004
Expiration Date: August 31, 2011

This contract has been extended for an additional eleven (11) months at the same prices, terms, and conditions with the following suppliers: VWR International, Sargent-Welch, Nebraska Scientific, Laerdal Medical Corporation, KSE Scientific, Fisher Scientific, Carolina Biological Supply Co, A Daigger & Co.

Please Note: Effective October 1st, 2010 Omega Bio-Tek will no longer be available on this contract.

Extension #8

Effective Date of this Extension Notice: August 1, 2011
Initial Effective Date of Contract: January 1, 2004
Expiration Date: July 31, 2012

This contract has been extended for an additional twelve (12) months at the same prices, terms and conditions with all suppliers.

Extension #9

Effective Date of this Extension Notice: April 16, 2012
Initial Effective Date of Contract: January 1, 2004
Expiration Date: December 31, 2012

This contract has been extended at the same prices, terms and conditions with all suppliers.
