PLACING AN ORDER

As a Dell customer, you have two ways to place an order – online or via fax.

ONLINE: See NAVIGATING ONLINE STORE below

PO DIRECT: If you have a quote from Dell which is acceptable to you, you may fax it directly to our order entry team. Outside of online orders, this method is the quickest as it's routed directly to the persons responsible for entering orders on a daily basis. The fax number is **512-283-0121**.

Review the PURCHASE ORDER GUIDELINES information in this section. If you can provide this data on your P.O., you can be assured that the order will be received and placed in the shortest period of time. If faxing your order, please write your sales representative's name on the P.O.

MODIFYING OR CANCELING AN ORDER

Please make every effort to ensure your order is correct before you send it. If, however, a modification is required after the order has been submitted to Dell, you should contact your sales representative before the order is shipped. Because, Dell orders ship in the order in which they're received, a cancel and re-order situation will likely extend your delivery date.

PURCHASE ORDER GUIDELINES

Dell issues an order number and begins processing your order as soon as we receive (by mail or fax) a hard copy of your purchase order or as soon as you submit your order online. Please include the following information on each purchase order:

- Purchase order number
- Description, quantity and price of items
- Dell quote number
- Shipping method code and dollar amount
- Payment terms: net 30 days
- Authorized signature
- "Bill to" address, contact name and phone number
- Purchasing department contact name and phone number
- "Ship to" address, contact name and phone number
- Your Dell-assigned customer number (if known)

ORDER STATUS

Once your order has been received and entered into our system, you can check on its status at any time, day or night, by going to the following website:

www.dell.com/public-ecare

You can find the status on a single order by using your Dell order number and your zip code for validation. You can also find the status of multiple orders by using your customer number or your purchase order number. Register for Order Watch and we'll send you an e-mail automatically when your order ships. You will also be able to track the progress of your order, once shipped, via our shipping affiliates' online sites – all with a single click.

CUSTOMER SERVICE

Customer Service 800-981-3355 ext. 7269006 www.dell.com/public-ecare

If you don't have access to the Internet, you may also call Dell Customer Service toll-free at **800-981-3355 ext. 7269006**. Please have your purchase order number and customer number ready when you call.

SHIPPING AND DELIVERY

Choose the method that suits you best. Dell has a variety of resources for shipping. For assistance with choosing a shipping method or to get information about the shipping cost to a particular destination, call your sales representative or Dell Customer Service.

CREDIT TERMS AND CREDIT LIMITS

CREDIT TERMS: Dell's standard payment term is 30 days net from the invoice date. Your purchase order should indicate "net 30" payment. Extension of a credit line is based on the review, analysis and approval of Dell's credit department.

PAYMENT METHODS: Dell accepts a wide variety of payment methods, including major credit cards (VISA, MasterCard and Discover). Dell is online with credit card companies for fast, automated approval procedures. To avoid delays, provide your credit card billing address when placing your order.

PREPAID CHECK*. If paying by check, please provide the following information when placing your order:

- Customer name printed on check
- Bank name, address and routing number

- Order number
- Bank account number

CREDIT CARD: A credit card purchase allows for specialized reporting via your arrangement with your credit card company.
