Bid Offer includes	State and Loca	Government
Acceptable payment method	Vendor will according purchases under	ept the Purchasing Card for r this contract

Product Information and Application

The Herbicides Statewide Contract (SWC) has five suppliers whom the user can order from. The web sheets provide a list of line items that each supplier bid on. When looking at each supplier's cost sheet, the line item and pricing on the right side is what the supplier has available for the user to order and its associated cost which is in the far right column. In some cases, the supplier was not able to provide the exact item and instead bid a substitute. Therefore, the information on the right side of the cost sheet has all the accurate line item information. Again, multiple suppliers are available to purchase line items from on this SWC.

This contract provides an opportunity for users to receive training on the application of these line items. Each awarded supplier bid a training program with their proposal. This training program is what each supplier will provide on the SWC. The order from highest to lowest that each supplier's training program was rated is as follows: CWC Chemical, Inc.; Alligare LLC; Helena Chemical Company; Red River Specialties; and UAP Distribution, Inc. Therefore, CWC Chemical, Inc. provides the best training program. The cost for each supplier's training program is worked in the supplier's line item pricing. Each supplier will only provide training on the line items that were bid on. The sourcing team stressed that training availability in this contract is vital; therefore, users should not just look at the price of the line item but make sure that when ordering the line item, it is from a supplier whose training program will provide adequate assistance if training on that item's application is needed. DOAS customers will have the right to buy from any one or more of the awarded suppliers at each customer's sole discretion and based on training needs.

When ordering, please contact the supplier. Each supplier's contact information is in the designated Vendor Information Sheet. All deliveries are FOB Destination and shall be received within 5 business days. There is no minimum quantity of line items that must be purchased to fill an order. Payment terms are Net 30 and payment by the Purchase Card is accepted by all suppliers on the SWC. For any questions please contact the Issuing Officer of this SWC.

Changes/Renewals/Extensions

EXTENSION #1

Effective Date of this Extension Notice:

October 31, 2010
Initial Effective Date of Contract:

October 31, 2008
Expiration Date:

September 30, 2011

This contract has been extended for an additional eleven (11) months at the same prices, terms, and conditions with the following suppliers: CWC Chemical, Red River Specialty, Alligare, and Helena Chemical. Effective October 30, 2010 Crop Production Services will no longer be available.

RENEWAL

Effective Date of this Renewal Notice:

Initial Effective Date of Contract:

Expiration Date:

September 12, 2012

October 31, 2008

August 31, 2013

This contract has been renewed for an additional one (1) year at the same prices, terms, and conditions with the following suppliers: CWC Chemical, Red River Specialty, Alligare, and Helena Chemical.
