# General Contract Information

## Description of Services

The Motor Vehicle Contract Maintenance Program provides a total fleet management solution to state and local governments. The program, offered through Automotive Resources International (ARI), provides a cost-effective method of handling and tracking motor vehicle operational expenses. By utilizing the vehicle maintenance program, state and local governments have access to over 3,000 Georgia vendors that offer quality services at discounted prices. When repairs are needed, drivers can call a toll-free number (1-800-Care-Care) for referral to the nearest vendor. ARI's service offerings include a call center, emergency roadside assistance and other vehicle maintenance services.

## Other Service Information

In partnership with customers ARI combines business insight and optimal lifecycle analysis, diverse services and high powered technology to drive fleet efficiency up and costs down by:

- Providing access to their nationwide network of ASE certified repair vendors and offering repair discounts up to 20%,
- Offering services returns more in per vehicle savings than the State pays for ARI services,
- Providing online "real time" data via its web enabled *INSIGHTS* program with customized reporting available to each agency,
- Offering online access to their fleet management portal called "ARI-Insights" that offers agencies repair and historical accident data with analysis, reporting, and industry benchmarking capabilities,
- Reducing vehicle maintenance costs through ARI's expert field adjustments, warranty and post warranty recovery efforts and its preapproval of repair maintenance services,

- Providing agencies accurate statistical information with benchmark comparisons to other state agency fleet operations nationwide,
- Reducing program costs in administrative activities like invoice processing activities, repair scheduling, and reducing procurement cycle times,
- Servicing customers 24 hours a day , 7 days per week, 365 days a year with agency access to a repair network call center staffed with ASE certified technicians,
- Offering additional cost savings on maintenance services through negotiated discounts provided by national account vendors,
- Assuring agencies use established statewide contracts, i.e. tires
- Assisting agencies in avoiding the payment of state sales taxes on repair service transactions.

## **Changes/Renewals/Extensions**

**Amendment 1:** July 13, 2010, added non-program vehicle management services

**Amendment 2:** June 15, 2011, payment schedule and extension through October 4, 2012
