Supplier Seminars Scheduled Across Georgia Nov. 17-18; Dec. 2, 16; and Jan 7, 13

Georgia suppliers are invited to attend Supplier Seminars across Georgia to learn more about Team Georgia Marketplace and how to do business with the State of Georgia. Our Customer Advocacy Director, Gina Tiedemann, and Customer and Vendor Relations Manager, Hugh Farley will address the State of Georgia implementation of the new system and how it affects suppliers.

New to the state is our web market. Buyers across all State of Georgia agencies, colleges and universities, and municipal governments will be able to look online at the products sold by suppliers who have been awarded state contracts. This shopping experience is efficient and cost effective. State of Georgia buyers are excited to join the ranks of others who purchase online.

Agenda

At Supplier Seminars, participants will be provided with system demonstrations and training including:

- Register as a Sourcing Bidder
- Register as a Supplier
- Maintain your Contact Information
- View Bid Events and Bid Online
 - Team Georgia Marketplace*
 - eQuote
- View your State of Georgia Purchasing Activity*
- Learn about our Online Web Market.

*These options will become available in January 2009. Video training and Quick Reference Guides for these functions will be accessible from the Team Georgia Marketplace Supplier Services at that time.
