

New eRFP Template Supports Team Georgia Marketplace Rollout

A new eRFP template has been created to support the rollout of Team Georgia Marketplace and the new Strategic Sourcing Module. The sourcing module went live on January 20, 2009; therefore, use of the new eRFP template is now **mandatory** for all RFPs forwarded to State Purchasing for processing. **Please discontinue using all other eRFP templates.**

The template entitled “SPD-SPO20a – State Entity eRFP Template (Electronic)” is located on the State Purchasing website under “Resources.” Click on “SPD Official Forms” and then “Stage 3 (SP).”

[Access the new eRFP Template.](#)
