

December 2010

## Steady Progress Towards Statewide Implementation

Statewide implementation efforts continue full steam as 3,800 agency users and 21,000 registered bidders and suppliers are live in the system. In FY2010, \$1.6 billion in spend was processed through Team Georgia Marketplace™, with some agencies only live for part of the fiscal year. If spend patterns remain the same across FY2011 as they have for the first quarter of the current fiscal year, we can expect approximately \$3 billion under management in the system by FY2011.

Early this month, the Department of Revenue, Georgia Bureau of Investigation, State Personnel Administration, Georgia Public Broadcasting and the Department of Early Care and Learning/Bright from the Start went live, bringing our running total of live agencies to 17. Four more agencies will join them on April 12 with Wave 2 – FY2011. A total of seven Georgia entities are expected to become Team Georgia Marketplace™ users by the end of FY2011. Way to go, Team Georgia!
