

## Security Service Statewide Contract Projected to Save State Entities More Than a Million Dollars!

On November 1, 2013, a first ever statewide contract (SWC) for **Security Service, Armed and Unarmed**, was awarded, implemented, and made available to all authorized users throughout the State of Georgia! This contract provides authorized users with suppliers who can provide armed and unarmed security guard personnel and patrol services on a 24-hour/7-day per week basis for both interior and exterior facilities. These services are available on a statewide regional basis and provide an average savings of 21.5 percent when comparing this SWC's competitive pricing to pricing of existing entity contracts. It is projected this SWC will save state regions over \$1.1 million within the initial year of this contract.

Additionally, this SWC fulfills the specific requirements of the Department of Behavioral Health and Developmental Disabilities (DBHDD) and provides them a savings of 28 percent when comparing this contract's pricing to the pricing of DBHDD's existing contracts. It is forecasted this contract will save DBHDD over \$100,000 within its initial year. Between the SWC's suppliers, Dynamic Security, Inc. and Confidential Security Agency, Inc., security service can be provided to the authorized user regardless of their location within the State of Georgia.

The authorized users have the ability to calculate their cost of service based on the designated region and shifts. Thus, these users will save money through dependable and qualified suppliers responding to their requirements. Since authorized users will no longer need to competitively bid this service, they will save time as well.
