

Need a Vehicle? Utilize the Administrative and Police Pursuit Vehicles Contracts today!

What if you had 43 different vehicles to choose from when your organization needs to purchase a vehicle? What if the selection of vehicles included a good selection of alternatively fueled/electric vehicles? What if you had a competitively priced contract to use to purchase your vehicle? What if you had an expanded list of options to choose from, at dealer cost?

Guess What? YOU DO! The State Purchasing Division has implemented the new **Administrative Vehicles Contract** available to state agencies, local governments and any public entity in the State of Georgia. The eight suppliers on the contract, including **Akin Ford Dodge Jeep, Allan Vigil Ford, Rick Case Cars, Inc., Chestatee Ford, Griffin Speedway Ford, Hardy Chevrolet, Kia Motors and Langdale Chevrolet** are waiting to provide you with a vehicle that meets your needs. All suppliers are small businesses in Georgia except Kia Motors, which has a manufacturing plant in Georgia. That's helping our own tax base and supporting small businesses. **What a deal!**

Go ahead ... choose from any of the vehicle classes — sedans, SUV's crossover SUV's, trucks, passenger vans and cargo vans — to select the vehicle you need.

For the police community, don't worry, we have you covered too! Our **Police Vehicles Contract** includes a wide variety of vehicles, along with a healthy selection of special services vehicles. It offers the same benefits and same exceptional commitment to satisfying you ... our customer!

Contact the contract manager, Billy Gilbert, if you need any assistance with the contract. He is managing both contracts and would love to assist you. His contact
